FLINT'S FINE FURNITURE

OLD CHAIRS-BUT NEW.

What immediately strikes one in a chair of the Renaissance, is its picturesqueness. Quaintly shaped, solidly built, carved with loving care and marvelous vigour-no wonder the old painters loved to put it on canvas.

What next strikes one in the chair, is its terrible discomfort. Back "straight enough to induce attention," with carvings so bold that one could not lean back without injuring himself; seat high, and "elbowers" unsupportingno wonder the sixteenth century squire, when he wished to take his ease, sat on cushions on the floor.

We have joined the old-time picturesqueness to modern comfort, and our Renaissance chairs have every quaint and sturdy quality of their ancestors. Besides, they have all the comfort of our luxurious, modern library chairs. That is claiming much. Let the chairs prove
